***Description:** Campers will be taught, observed, and corrected in all phases of basketball. The campers will be grouped by age, gender, and talent level. Each camper will receive a t-shirt and giveaways during the week!!!

****Special Guest:** Wednesday we will have a specialist present a special speed, agility, strength and power training to all campers (we understand how to create those coveted, quick, light-moving, nimble steps with power. In addition to the footwork exercises, balance work and plyometric drills also have value in increasing one's explosiveness. Incorporated into an athlete's strength and conditioning program, they round out effective training and help create the distance that our athletes seek to put between themselves and opponents on the playing field).

TO REGISTER: Please contact Coach Lumar at **504-931-8604** or 985-758-7537 ext. 104
